WE CHANGE SEATING ENVIRONMENT®

beyond embodies comfort, elegance and affordability.

Designed with care to ensure maximum and diverse functionality, it is both practical and highly durable. Its clean distinctive lines makes it an attractive solution for a wide range of special settings, be it for reception, breakout, training or meeting environments.

Simplicity, Elegance and Comfortable

The back curve provides lateral support.
The contoured seat dissipates pressure points.

Versatility

The Beyond seating family encompasses a wide range of seating applications for all kinds of environments – stacking chairs both in 4 legged or sled base, café stools, task chairs, task stools and fixed seating.

The distinctive angular faceted upper backrest blends down into the curvaceous seat in a unique way.

Comfortable, Stackable and Versatile

with a wide palette of colour and finish possibilities. Beyond is a durable beauty, an inviting response to the way we work.
